

Announcement – October 2014

Oon & Bazul continues its Expansion

Oon & Bazul LLP is very pleased to announce that Mr Yeou Chuan Tat has joined the Firm from Norton Rose Fulbright on 1 October 2014 as a Partner.

Chuan Tat joins the Firm's dynamic Dispute Resolution Practice. He brings with him significant commercial arbitration and litigation experience, having represented or advised clients in high-value domestic and transnational cases. His focus will be advising on complex multi-jurisdictional disputes, and issues of private and public international law relating to arbitration (including enforcement of arbitral awards, choice of law in arbitration, rights under investment treaties and sovereign immunity).

As a Singapore law firm with Asian expertise and a global reach, Oon & Bazul LLP is continually looking to recruit dynamic and driven high quality legal talent at all levels. Chuan Tat's appointment continues our success in attracting top tier Partners such as Nicholas Lum in 2011, Suresh Divyanathan in 2012 and Kohe Hasan in 2013.

Managing Partner, Bazul Ashhab welcomes Chuan Tat with the following words:

"The firm is well-known for having a strong understanding of the dynamics in cross-border transactions in and around Asia. Chuan Tat brings with him an attuned understanding of complex multi-jurisdictional disputes, which will add strength to the firm's dispute resolution practice."

Of his decision to re-join a local law firm, Chuan Tat said:

"By re-joining a Singapore law firm, I am able to better meet the needs of my clients as I am now able to offer them the full suite of legal solutions (including Litigation in Singapore) which will be complimentary to my international dispute resolution practice. Oon & Bazul is an up and coming law firm that is well placed in the current legal landscape to become one of the region's leading law firms and I am excited to be part of that process."
